

Regional Operational Program for Podlaskie Voivodeship for the years 2007-2013

Action 3.2. Investment support for companies from the tourism sector

The action is aimed at:

Improving the standard of a tourism infrastructure in the Podlaskie Voivodeship through a direct support of the investment projects for small and medium-sized companies operating in the tourism sector.

The kinds of co-financed projects:

The assistance can be given only for new investments, in particular in fixed and intangible assets connected with:

- the creation of a new company,
- the development of the existing company,
- the diversification of the company's production by introducing new products,
- significant changes concerning the production process.

Value of the grant

The maximum co-financing:

- 70% of the qualified costs - for micro and small companies,
- 60 % of the qualified costs - for medium-sized companies.

Minimum contribution from the beneficiary (%):

- 30% of the qualified costs - for micro-companies,
- 40% of the qualified costs - for medium-sized companies.

Minimum/Maximum value of the project:

- for micro-companies - minimum value of the project 30 000 PLN,
- for small and medium companies - minimum value of the project 100 000 PLN.

Minimum/Maximum value of the grant:

- Micro-companies - maximum value of the grant 500 000 PLN.

If the micro-company foresees that as a result of the project realization, it will change its status for a small or medium-sized company then it can apply for a grant of 4 millions PLN.

- Small and medium-sized companies - maximum value of the grant 4 000 000 PLN.
